The Banning Herald

(8 pages, 5-col. quarto.)

Is a Representative Weekly of Southern California,
And as an exponent of the climatic, commercial and scenic advantages of the southwest coast, has no superior.

THE HERALD

Is the Best Advertising Medium in the country. Its appearance is attractive, and it will be read each week by thousands who are actually on their way to Southern California, or who are about to leave the East.

Larger Circulation than any other Weekly in Southern California.

Persons abroad who desire to invest in property in and about

BANNING, CALIFORNIA,

Will receive reliable information by addressing the Banning Land Co.

REGARDING the town of Banning as a healthful locality; as a place of refuge from the extreme cold blasts of winter, free from snow, blizzards and the extreme heat of summer; as a land of deciduous fruit products, second to none in the world; as a luxurious retreat for the wealthy and an Eden for the man of moderate or limited means, there can be but one verdict rendered, and that is in accordance with the above statement of facts. Mr. C. O. Barker, president of the Banning Land Company, will cheerfully answer all letters of inquiry, or furnish any desired information to home-seekers and tourists.

THE BANNING HERALD

—IS THE—

Most Widely-Known Weekly Paper

In California, outside of San Francisco.

CLUBBING OFFER.

THE HERALD will be clubbed with any reputable publication in the world, the two publications costing only a slight advance over the price of one, and in many cases exactly the subscription price of one.

AS AN ADVERTISING MEDIUM.

The HERALD goes into all portions of the east, Canada and Europe. As an Advertising Medium it has few if any superiors in the west.

SUBSCRIPTION $2 PER YEAR. ALWAYS IN ADVANCE.

PREFACE,

In issuing the sixth edition of the PACIFIC STATES NEWSPAPER DIRECTORY, it is the purpose of the publishers, as in former editions, to make the advertising public, all over the land, better acquainted with the publications of the Pacific Coast, and in addition thereto, to embrace Colorado, Texas and the States of the Missouri Valley, in furnishing such information concerning the progress and prosperity of the States and Territories herein mentioned, as shall enable everyone interested to understand the importance and value of those sections as a profitable field for advertisers. Thus they hope to bring to the papers published in the territory represented a larger proportion of advertising patronage than they have heretofore received, and to which, it is believed, they are justly entitled.

In preparing our tables of circulation, etc., we have asked every publisher to help us to make the work correct and valuable as possible by giving us reliable information concerning his publications. If errors should still be found in the book, we ask that those observing them will make a note of it, and favor us with the corrections, which will be made in the next edition.

THE EVENING BULLETIN,

SAN FRANCISCO, CALIFORNIA,

Is the Leading Evening Journal, in circulation and influence, west of the Rocky Mountains. It is recognized authority in mercantile and financial circles. Its high character, tone and general worth commend it to, and has obtained for it, an entrance to the refined and cultured home circles, and made it

THE MOST POPULAR FAMILY NEWSPAPER IN CALIFORNIA.

It is distinguished for the brilliancy of its editorial matter, the accuracy and completeness of its local and telegraph news, its interesting correspondence from all parts of the world, reviews of current literature, art and theatrical criticisms, the extent of its foreign news, and its freedom from highly colored sensationalism.

IT IS VALUABLE TO ADVERTISERS FOR THE FOLLOWING REASONS:

It has a long sustained circulation among a prosperous class of readers who have learned to appreciate its special value.

Every page contains fresh telegraphic or local news, affording every advertisement in its columns a good position.

THE WEEKLY BULLETIN,

CIRCULATION, 23,400.

Is the largest and best weekly newspaper published in the west, and in every respect a first-class family paper, appealing to the interest of every member of the household.

THE SEMI-WEEKLY BULLETIN,

Is the regular WEEKLY BULLETIN and Friday's issue of each week.

CALIFORNIA.

POPULATION AND TOPOGRAPHICAL FEATURES.

California extends from 32° 20′ to 42° north latitude, and between 114° 20′ and 124° 25′ west longitude. It was ceded to the United States by Mexico, in 1848. It is 770 miles in length, and its maximum breadth is 330 miles, minimum breadth 150 miles, the mean breadth being 240 miles. In the family of States it ranks second in size, Texas only having a larger territory. It has an area of 158,360 square miles, or 101,350,400 acres, more than three-fifths of which, it is estimated, are susceptible of cultivation, or may be profitably utilized for industrial purposes.

According to the census of 1890, its population numbered at tkat time 1,208,130.

Since the issuance of our preceding edition there has been the usual number of newspaper changes in this and other States mentioned in this work. The several industries throughout the State have largely increased, and in every branch and direction show unusual prosperity.

We give a brief description in the following pages of the several counties, with a tabulated list of the newspapers published in each.

BY COUNTIES.

EXPLANATION.—The following tables contain in consecutive order the name of the publication and proprietors, the day when issued, its character or politics, date when established, size of page in inches, circulation, and the measure of the columns in pica ems. The population of towns and counties, and the assessed valuations given, are according to census of 1890.

ALAMEDA.

Population, 93,864; pursuits, chiefly agricultural. Oakland the county seat, ranks third in the State in number of inhabitants. Considerable manufacturing is done in and about Oakland. Salt and beet-sugar manufacturing is carried on to a considerable extent in this county. Grain-growing, grape-culture, and fruit-raising form the principal occupations of the inhabitants, though stock-raising and general agricultural pursuits are carried on to a large extent. Alameda county contains the State University, situated at Berkeley, besides many other important educational institutions. The taxable property for 1891 was $85,223,428.

EL DORADO.

Population, 9,232; mineral and agricultural. A large portion of the county is heavily timbered with black oak, live oak, hemlock, spruce, fir, cedar and many species of pine, while the banks of the streams are fringed with the maple, the alder, the dogwood and madrona. The cereals produce good remunerative crops, while potatoes, beets, pumpkins, Indian corn, and all manner of garden vegetables attain perfection, both in size and quality. Clover, in wildest luxuriance, yields an enormous and perpetual crop. The apple, the pear, the plum, the nectarine and all orchard products of the temperate zone attain excellent size, flavor and keeping qualities. But though El Dorado now enjoys a high repute as an agricultural, horticultural, stock-raising, dairying and lumber-producing county, it is still a great gold-producing district. FRESNO.

Population, 32,026; chiefly agricultural. Fresno, before the division, was the third county in area in the State, containing 5,000,600 acres of surface. The phenomenal success of this county is directly due to the perfect system of irrigating canals in vogue. There are now in operation 900 miles of trunk canals, built at a cost of $2,000,000—capable of watering 1,000 square miles, or 640,000 square acres. The annual product of Fresno's mines, her wines, raisins, wheat and wool, aggregate over $4,000,000. Assessed valuation for 1891, $41,702,975.

GLENN.

Population, 7,000; fruit and agriculture. Glenn county was formed from the northern half of Colusa county by the legislature of 1891. Upon the separation Willows was chosen as the county seat. The organization of irrigation enterprises has given quite a stimulus to fruit culture in the county, and the valley lands are largely devoted to grain growing. No statistics as to assessed valuation, annual product, etc., have been compiled.

HUMBOLDT.

Population, 23,469; chiefly lumbering. Humboldt is a coast county, the area embraced being 3,590 square miles, or 2,297,600 acres. Humboldt county has five great industries—lumbering, ship-building, agriculture and fruit-growing, stock-raising and wool-growing, and mining. In 1891 the output was 104,519,726 feet of lumber, 203,700,985 shingles, 17,240,523 shakes, and a vast quantity of ties, posts, pickets, fruit boxes and house material. The assessment roll shows about 30,000 acres of cultivated lands. Stock-raising has been a very successful and remunerative business ever since the county was first opened to settlement. The county's export values amount to over $4,500,000 annually, the transportation of which occupies two lines of steamers and a fleet of over sixty sailing vessels, giving employment to some 450 seamen, having a carrying capacity of 11,000 tons, and representing a value of $2,500,000. The total assessment for 1891 was $16,975,417.

LAKE.

Population, 7,101; chiefly agricultural. It is estimated that the area of valley, or first-class agricultural land, is from 80,000 to 100,000 acres. The resources of this county are mostly derived from the crops of wheat, barley, oats, corn, hops and potatoes, from fruit, from sheep and hogs, and from pineries and quicksilver mines. Wine-making, too, is becoming an important industry, and lumber mills are annually increasing in number and power. This county is widely known as the "Switzerland of America," and is a famous resort of tourists, and has many health-giving mineral springs. The assessed value of the taxable property in 1891 was $3,864,819. Lakeport, on the western side of the beauliful Clear Lake, is the county seat.

LOS ANGELES.

Population, 101,454; chiefly agricultural. Los Angeles county comprises an area of 3,584,000 acres. Almost every variety of grain, vegetable, fruit, nut or berry, produced in temperate or subtropical latitudes flourishes here. Apples, peaches, oranges, lemons, grapes and figs, are all grown to perfection. Nectarines, apricots, prunes, guavas, pomegranates, English walnuts, olives, almonds and figs are among the established products. The assessed valuation of the county of Los Angeles is $82,616,576. The minerals successfully mined in the county are: gold, silver copper, coal, asphaltum, graphite, iron, tin, limestone, building stone, clay, mineral paint clay, gypsum, borate of lime, silica, kaolin, petroleum, borax, epsom salts, nitrate of soda, and salt. Los Angeles, the county seat, is the second city in size in the State. Eight lines of railroad center here—the Southern Pacific, California Southern, Los Angeles and San Gabriel, and Atlantic Pacific, and three branches of the Southern Pacific.

made, and in this and Fresno counties, too, there is the greatest timber belt of California, or rather of the world. Here are sugar pines from 12 to 15 feet in diameter, running up 300 to 350 feet high, the timber belt running through both counties covering an area of more than 2,000 square miles, being inexhaustible for generations to come. It contains every variety of pine, fir, cedar and redwood.

MENDOCINO.

Population, 17,612. Mendocino is located on the Pacific ocean, about 100 miles north of San Francisco. The chief resources of the county are lumbering, dairying, and raising potatoes. There are 25 saw-mills now at work manufacturing, and the annual output of lumber is about 70,000,000 feet. Some of the finest sheep ranches to be found in the State are located in this section. The wool from this part of California always brings a fancy price on account of its quality. Hops are grown to a considerable extent, and the hop land is extremely productive. Assessed valuation, $11,944,705. Ukiah is the county seat.

RODEHAVER & FITZ SIMMONS, Proprietors.

OWENS VALLEY in Eastern California is a fertile agricultural section, rich in all nature's gifts, splendid climate, productive soil and abundant water for all needs. As soon as better railroad facilities reach it it will become one of the great producing and home-making sections of the State. It is one hundred miles long and from eight to twenty miles wide. In the mountains of Inyo, all tributary to the valley, are found almost every known mineral, while at Owens Lake are the great Inyo marble quarries and inexhaustible soda industries. As now situated, the county is a little world all to itself, with a population of probably nearly four thousand. Of the towns in Owens Valley and on the eastern slope of the Sierras in California, undoubtedly the best is **BISHOP.** Centrally located in the largest part of Owens Valley, where the broadest spread of fine agricultural lands is bountifully watered by many streams and ditches, it naturally has a comparatively large tributary population—at least one-half the farming community of the whole valley. Its people are progressive and enterprising; have a fine public school building in the town, and several others within a few miles; have built a large and fine academy, taught, as are the public schools, by good teachers; have church buildings, and all the leading fraternal organizations—in short, Bishop offers better educational and social advantages than do most towns of double its size in sections better favored by railroad communication. Last year the citizens of this locality equipped a $7-000 creamery, and other facts might as easily be cited to prove that they are a progressive class of people. The town is near the Carson and Colorado R. R., connecting with the Central Pacific system at Reno, Nev. Cut off from direct communication as it is by the mountains, the local papers offer for unusually good reasons the best mediums for advertisers to reach Inyo's population. Of these papers, an investigation will easily convince you that the best is the

INYO REGISTER.

Because it is the most popular and is published in the best agricultural section of Eastern California, with no other paper within forty-five miles. It is typographically neat and pleasing in advertising and otherwise. It gives local and county news impartially and fairly and the more important happenings from the outside by telegraph on publication day when of sufficient importance. It is clean in character. It goes into nearly every reading home in the county, as well as having a circulation in neighboring sections. As it pays strict attention to local interests, everybody in Inyo reads the REGISTER and it is a constituency worth your securing. We want advertising of the "clean" sort only—no others need apply. Address **INYO REGISTER,**

NEVADA.

Population, 17,369; mining and fruit-growing. Nevada City and Grass Valley are the center of a region whose richness as a gold-producing district is equalled by its horticultural and agricultural productiveness. Oranges are freely grown in Nevada county; the production of pears and apples is immense, and all small fruits and berries thrive well. Hay is one of the staple productions. The lumbering interests of the county are very great, and thrive with unwonted vigor. On the Truckee river alone the year's cut aggregates 32,000,000 feet, while the sales were 3,000,000 feet in excess of the cut. Assessed valuation of property in the county, $5,933,882.

PLUMAS.

Population, 4,933; mining and lumbering. Grain and vegetables are grown quite extensively in some sections, and this is an important fruit county, orchards many miles in extent making of the foothills a continuous belt of fruit-bearing trees. Although there are districts where logging is carried on, the timber transported by means of flumes and the sawmills furnishing several millions of feet of lumber every year, there are extensive sections where the trees are not yet perceptibly thinned, and it is evident that Plumas for many years will possess a valuable lumber interest. SAN BENITO.

Population, 6,412; agriculture. Up to the present time wheat raising has been the chief industry, and in the proper season one may ride for miles between wheat fields where the grain rises above the fences on either side of the road. The acreage devoted to barley is yearly increasing, the average yield being 24 centals to the acre, and the quality being classed as A 1 by brewers. Among the other industries of the county is the culture of flax and tobacco, of hay, dairying, the raising of fowls and other live stock, and mining. Assessed valuation, $6,279,842.

SAN DIEGO.

Population, 34,987; fruit-raising and agriculture. There is not a fruit, from the apple and the plum to the banana and the orange, that does not, in some portion of this great section of California, reach a high state of excellence. In oranges and lemons, too, San Diego stands in the front rank. One important industry deserves a special notice. It is the honey business. The annual export is something over 2,000 tons. The largest raisin vineyards in Southern California, or perhaps in the world, are located within this county. Assessed valuation, $28,850,516.

Up Our Way

The Appeal is the paper for advertisers. It has been running now ever since 1859 and is stronger, livelier, better at this time than in any previous year of its history. Don't overlook it in making out your list if you desire to successfully reach the buying people of Yuba and her sister counties. Sample copies sent free.

The San Diegan-Sun

IS THE BEST MEDIUM IN SAN DIEGO COUNTY BY WHICH FOREIGN ADVERTISERS MAY REACH THE READING AND PURCHASING PUBLIC . . . .

BECAUSE Its low price, 10 cents a week for the Daily, and $1.00 a year for the Weekly, puts it within the reach of every person, no matter how small his or her income. Therefore, the San Diegan-Sun has obtained, and now enjoys, a circulation far in excess of any other Daily or Weekly in San Diego County.

☞ The San Diegan-Sun has a full Afternoon Telegraph News Service, and covers the local and county field more thoroughly than was ever attempted by any other paper in this county.

SAN JOAQUIN.

Population, 28,629; agricultural. San Joaquin county contains 800,000 acres of land, the larger portion of which is susceptible of the highest cultivation and very productive. The principal product of the agricultural portion is grain, but many farmers raise a greater variety of crops. The location of Stockton, the county seat, virtually at the head of tide water on the San Joaquin, has always given her citizens water as well as rail communication with San Francisco. A line of steamers plies regularly between Stockton and San Francisco. The railroad facilities are as good

Population 9,916; agriculture, wool and lumber. Tehama county produces 9,000,000 bushels of grain, and clips about 2,500,000 pounds of wool annually. The timber belt is large and almost inexhaustible. The Sierra Flume and Lumber Co. employs about 100 men in its mills at Red Bluff, and about an equal number in the mountains, where it has extensive sawmills with an annual product of 12,000,000 feet. Fruit-culture is now engaging the attention of farmers. All kinds of citrus fruits are grown and do well in the valley, while all the common fruits thrive in the highe rlatitudes. OREGON.

Population 313,767. Oregon is a vast territory, extending 360 miles east and west, and 260 miles north and south, an area of 95,274 square miles, composing 60,965,360 acres. The State shows unusual prosperity for the past year, and the outlook for continued increase in population and wealth is excellent. We give brief data of each county in alphabetical order, with list of papers in each.

BAKER.

Population, 6,764; mining and agriculture. The leading and characteristic business of this county is gold mining. Baker county was settled originally by miners, and the mining industry and mining spirit have always dominated the county. The several grains are produced in abundance by soil everywhere potential Vegetables in general variety and excellence are everywhere produced. Stock-raising is, or has been, a more important business in Baker county than agriculture, but with the growth of population the position of these industries is being reversed.

The Farmer's Journal

PORTLAND, OREGON.

AN AGGRESSIVE, WIDE-AWAKE WEEKLY

Devoted to the Best Interests of the Farming Community of Oregon and Washington.

It has a larger paid-in-advance subscription list than all other farm journals in these two States combined, and has subscribers at nearly every postoffice in the two States.

The farmers take and read this paper because they want it, because it reflects their wishes and sentiments, and defends their rights; and it is carried from house to house, and quarreled over at every country post-office and blacksmith shop in the country.

The FARMER'S JOURNAL is the pioneer organ of the People's Party on the Pacific Coast, and the great organ of this party in the Northwest.

Subscription price, $1.50 per year, in advance. Rates of advertising furnished on application. Address

CLACKAMAS.

Population 15,233. Besides its agricultural interests, this county has splendid resources in timber, iron and water-power. Clackamas county offers many inducements to new-commers: cheap lands and proximity to the general market at Portland. Oregon City is an important seat of manufacture, there being a large woolen mill and paper mill, as well as several other manufactories which employ many hands.

CLATSOP.

Populatian 10,016. The most notable resource of Clatsop county is her timber. Her whole area of about 1,000 square miles is densely covered with trees, which cannot be excelled in any other district. Besides supplying her own mills (three or four in number) Clatsop county furnishes nearly all the logs consumed in the several mills in Portland. The "Oregon lumber," now coming into celebrity in the East, is almost all sawed from timber grown in Clatsop county. There is a very considerable population engaged in the industries of dairying and stock-raising, but the chief industry of Clatsop county is salmon-fishing. There are no less than twenty-four salmon-packing establishments in her limits, affording employment to upwards of 5,000 men, and indirectly to as many more.

COLUMBIA.

Population 5,191. There is scarcely a quarter section of land in the county free from timber, and for the most part the forests are very heavy. While the soil is highly productive, there is as yet little regular farming. Stock-raising and logging are the main productive resources. Columbia county has unequaled facilities for transportation; steamboats connect all its river points with Portland at low rates for freight. The Northern Pacific affords rail transportation to the southern half of its river district.

Population 11,455. Jackson is the most populous and wealthy of the southern counties. The country is especially adapted to fruit. Since the extension of the Oregon and California road in 1884, progress has been wonderful. The range of production includes wool, wheat, oats, barley, rye, corn, hay, dairy products, tobacco, hops, fruits, lumber and gold. Mining is an important industry. At Ashland there is a college chartered by the State as a Normal school. Ashland also has a fine water-power, which is practically applied in a woolen mill, flour mill, and sash factory.

"The Local Medical Journal of the Doctors of the Pacific Northwest."

MEDICAL SENTINEL

(Formerly PACIFIC MEDICAL RECORD.)

PORTLAND, ORE.

Henry W. Coe, M. D., Editor,

ASSISTED BY A CORPS OF 30 ABLE COLLABORATORS.

Local Papers, Local Items, Local Society News, Local Personals, and therefore a local and personal interest in its advertising patrons held by its readers.

Its field has been thoroughly canvassed for subscriptions, and four out of five of the doctors interviewed have become subscribers to it.

FIVE STATE MEDICAL SOCIETIES

Have officially endorsed it:—Those of Oregon, Washington, Idaho, Montana and North Dakota. (The text of these endorsements furnished on application.

Opening up a new field and standing alone in it, it offers to advertisers one of the best opportunities in the country to reach a large number and fine class of medical practitioners. Reaches practically all the doctors in Oregon, Washington, Idaho, Montana, North Dakota and British Columbia, with a considerable circulation outside these States.

This paper is kept on file at the Branch Office of the Pacific States Advertising Bureau, Rhinelander Building, Duane and Rose Streets, New York, where contracts for advertising may be made.

POLK.

Population 7,858; agriculture and lumbering. Polk county contains about 500 or 600 square miles of territory, and, generally speaking, it is arable country. Two railroads connect Polk county with Portland, and its whole eastern side fronts on the Willamette river. By the river it is connected with the Oregon Pacific railroad at Albany and Corvallis, with outlet on the ocean at Yaquina bay.

POST-INTELLIGENCER

SEATTLE, WASHINGTON.

THREE EDITIONS DAILY.

SUNDAY AND WEEKLY.

The POST-INTELLIGENCER is the representative journal of Washington. It has also wide circulation in Alaska, Northern Idaho, Oregon and British Columbia. The country is new and rapidly growing in every way. As yet it supplies few of its own necessities by home manufacture, so that its demands for manufactured goods and general merchandise are very large in proportion to its population. Trade has not yet settled into regular channels, and the country affords a fine field for enterprising competition in all lines.

WASHINGTON.

Population 349,516. This State has advanced rapidly during the past two years, both in commerce and agriculture. The greater proportion of industry rests in the counties bordering on Puget Sound, and it is in that portion of the State that the greatest progress has been made. The lumber interest, too, in this section is very great. We give a brief description of all counties in which newspapers are published.

Northport is situated in the extreme northeastern county of Washington, on the beautiful Columbia river, 130 miles north of Spokane and 10 miles south of British Columbia. It is the southern end of navigation, steamers plying between it and Revelstoke on the Canadian Pacific R. R., and the Spokane Falls and Northern railroad runs through the town. Northport is in the very heart of a great mining region, and is the natural distributing point for the rich gold and copper districts of Trail and Sheep creeks, and the silver districts of Metaline, Cedar, Lake, Road Mountain and others; hence the NEWS is a valuable advertising medium for firms who deal in mining machinery, implements, etc.

Thousands of acres of choice Government land will be open for homesteads as soon as the President issues his proclamation throwing open the upper portion of the Colville Indian Reservation to settlers, which will no doubt be done some time this year, as it has already become a law, and the Government survey was completed last Fall. There is also a rich free gold quartz belt on Sheep creek in the reservation directly opposite Northport.

Subscribe for the NEWS and keep posted on this future great mining center.

IDAHO.

Population 84,385. Idaho is bounded north by British Columbia, east by Montana and Wyoming, south by Utah, and west by Oregon and Washington; its length from north to south is about 410 miles, width varying from 44 to 306 miles; land area, 86,294 square miles. It is generally better adapted for grazing than for agriculture, and stock-raising is being diligently prosecuted. Barley, wheat, oats, potatoes, dairy products and wool are the staples. Fruits of excellent quality are grown in considerable abundance. Irrigation has been employed to some extent, and there is abundant water in the streams and lakes, if properly applied, to reclaim the 8,000,000 acres which are susceptible of irrigation. The forest-covered area is very large, embracing about 10,000,000 acres, the timber being "lodge-pole" pine of small diameter, but growing very thickly. Other trees are fir, spruce, cedar, etc., some of these being very large. Gold, silver and lead are plentiful in all parts of the State, and are largely produced, the product in 1889 reaching $17,344,600—double that of 1888.

THE WEST TIMES

Reaches the Country Trade.

CIRCULATION 1011.

WEST IS AN INCORPORATED CITY of about 1200 people is located on the M. K. & T. Ry. midway between Waco and Hillsboro; is in McLennan County and surrounded by fine black land prairie, is settled by a thrifty, liberty loving people who, as a rule, are wealthy, and foster any enterprise looking to the higher aims in life.

More than twenty farmers within a radius of five miles of WEST are worth $50,000.00 each.

WEST has a Bank, three solid brick blocks, some of which are two story high, has three large hotels, three fine gins with a capacity of 100 bales per day, two lumber yards, two livery stables, a brick yard that burns and sells each season 1,000.000 brick, has five churches costing $8,000.00, I. O. O. F., A. F. & A. M. and K. of H. Lodges, and no Saloons.

WEST has three miles of graded streets, owns its own street grader, is out of debt with money in the treasury.

WEST has a magnificent $4,000.00 school building, well finished and furnished, employs five teachers nine months in the year, has a scholastic enrollment of about 265 pupils.

WEST'S best drawing card for a good school is the fact that this is a prohibition town, has no saloons or dens of vice around which to attract young men "like moths 'round a cradle."

A potent factor in bringing about all this is THE WEST TIMES, a five column eight page paper that prints the news and tells the truth. It is fearless and out spoken, has been dubbed THE ARIZONA KICKER OF TEXAS because it pleases to say what it thinks and thinks what it pleases.

Realizing, that to build a town and maintain a good school, takes work THE TIMES works with a vim; for with the School's success comes ours; Selah!

Every family in or near WEST should be a subscriber to THE TIMES. We have worked our way into the hearts of the people until the paper and the town's future prosperity are inseparable and for this reason it is now one of the best advertising mediums in the county. Plant your ads in THE TIMES and send an extra copy back to the "Old States."

Very Truly Yours,

NEVADA.

Population 45,761. State Capital, Carson City. Extreme length from north to south, 485 miles in the eastern and 210 in the western boundary; greatest breadth 320 miles, decreasing to 310 miles in the north to a point in the south; land area, 109,740 square miles. Surface generally is a table-land about 4,000 feet above the sea, traversed by nearly parallel mountain ranges, between which are valleys covered with sagebrush and other scanty herbage. The soil, when, irrigated, is fertile, and produces spring wheat, barley, oats, potatoes, butter, hay, wool, etc. There is much good pasturage, and cattle fatten readily upon it. This State lies almost wholly in the "Great Basin," the most arid region of North America. Cotton and sub-tropical fruits do well in all the southern counties. The milling and smelting of ore is the leading manufacturing pursuit. The output of precious metals in 1888 was nearly $12,500,000. The cattle interests of the State rank next in importance to its mineral resources. The wool product in 1887 was 3,000,000 pounds.

ARIZONA.

Population 59,620. Arizona has an area of 113,920 square miles, and is situated in the valley of the Colorado. The soil, even on the alkaline plains, is very fertile when irrigated. The mountainous land is quite well adapted to wool-growing and stock-raising. The principal crops are corn, wheat and barley. There are large deposits of minerals in the Territory. Gold, silver, copper, lead, iron, salt, borax, etc., are abundant, and the mining and the working of gold, silver, copper and lead ores is at present the leading industry. Immense quarries of building stone have recently been opened near Flagstaff, and large quantities shipped to Los Angeles, and used in the construction of many of the substantial buildings that are going up there. All kinds of fruit known to tropical climates reach perfection in the southeast section of the Territory. The city of Phœnix has become quite celebrated as a health resort. The estimated value of all taxable property, taken from the Territorial Board of Equalization, is about $30,000,000.

Winslow is situated on the A. & P. R'y., in Apache county, which is an empire in extent, being larger than the states of Massachusetts, New Jersey, Delaware and Rhode Island combined. The county comprises 20,160 square miles, of which 6,000 is now open to public settlement. The land is fertile, but needs water. Several irrigation projects are under way, which, when developed, will make Apache county one of the garden spots of the West. Winslow is divis on headquarters of A. & P., possesses extensive repair shops, and among its important industries are the manufacture of white brick.

NEW MEXICO.

Population 153,593. Agriculture has made rapid strides in this Territory during the past three years; hundreds of miles of irrigating canals having been constructed, bringing under cultivation immense tracts of land. Ample quantities of timber abound in the mountain ranges. The principal varieties are pine, cedar and pinon, the latter being especially valuable for fuel. Fruit-growing in New Mexico has proven an exceedingly profitable occupation, orchards of all varieties being thrifty, free from insects, symmetrical in form, and bearing fruit of a superb flavor. The range of fruits which have been found to thrive in the soil and climate of New Mexico include all those varieties grown in Iowa, Illinois and Ohio, and also many semi-tropical fruits and nuts, including the prune, grape, apricot, peach, fig, almond and peanut. Bernalillo county is rich in agricultural and grazing lands, in quarries of marble and building stone, and deposits of mineral and coal.

BERNALILLO.

Population 26,913. Partly mountainous; soil fertile, when irrigated; gold, silver, lead, iron and copper. Products: wheat corn, wool, wine and fruits; cattle and sheep. The agricultural resources of the county are being rapidly advanced. Albuquerque is the county seat.

AN INDEPENDENT WEEKLY NEWSPAPER

PUBLISHED EVERY SATURDAY MORNING

M. L. SCOTT, Editor and Proprietor. :: :: :: :: :: :: J. L. DUNKLEY, Local Manager.

SWORN CIRCULATION 2,500.

Circulation books open to all Advertisers.

Lowest Advertising Rates ever known.

American Fork City has a population of 5,000 people, and is the banner city of Utah Territory, and is situated in the midst of a most thriving community of the Rocky Mountain region. The great Utah sugar factory one mile from town. A good community for advertisers to investigate. THE ITEM is the only paper for 20 miles around. County circulation of 1800. Utah county has a population of 50,000 people, and growing at a surprising fast rate. *This is the country and must be recognized.*

This paper is kept on file at the Branch Office of the Pacific States Advertising Bureau, Rhinelander Building, Duane and Rose Streets, New York, where contracts for advertising may be made.

UTAH.

Population 207,905. Land area, 82,190 square miles. The surface is very mountainous, interspersed with arid plains, basins and valleys. The grazing and mountain lands comprise about seven-eighths of the Territory. Irrigation is nearly everywhere necessary. Wheat, oats, barley, corn, potatoes, hay and wool are the chief products. Cattle-raising is a profitable industry, and is often successfully carried on where farming is impracticable. Gold and silver are largely produced, as are also lead, iron, copper, coal, and salt. Manufactures are chiefly those of goods needed for home consumption, but of late extensive works for the mining and smelting of ores have been established. Assessed valuation of property in 1889, $51,917,312.

BEAVER.

Population 3,340. Largely table-land. Iron ore, lead and silver are found. The Wahsatch Mountains are on the eastern border. Products: wheat, wool; cattle.

MONTANA.

Population 132,159. Surface generally mountainous, espe c ially in the west. Along the three forks of the Missouri river, as well as elsewhere through the State, there is much undulating prairie, with a fertile soil. The Missouri River is navigable to Fort Benton; the Yellowstone is also navigable. Perhaps nowhere else are such advantages offered to the capitalist, mining operator, stock-raiser and wool-grower as are here found. Very little hay or winter foddering is needed, the stock feeding on the rich grasses, and ranging all winter in the sheltered valleys. Of agricultural staples, spring wheat, potatoes, butter, barley, oats, and vegetables are the most prominent. The chief minerals are gold and silver, of which large quantities are obtained. Leading manufacturing interests are mining, lumber-sawing, quartz-milling and stamping, flour, etc. A superior quality of bituminous coal, in what is said to be one of the largest and most compact coal-fields in the country, is being developed about fifty miles from Billings.

BEAVER HEAD.

Population 2,712. Area about 4,230 square miles; surface, mountainous. Mining: gold, silver, copper, lead, coal. There were eleven manufacturing establishments, of all kinds, in 1880; capital invested, $15,400,000; value of products, $25,604,000.

WYOMING.

Population 60,705,, with a land area of 97,575 square miles. There are large elevated plateaus or parks of which the principal is the Great Yellowstone or National Park. Pine and spruce timber is widely distributed throughout the mountain regions. Stock-raising, sheep-husbandry and coal-mining are the leading and most remunerative pursuits. Gold and silver are plentiful. There are vast beds of iron ore and plenty of good coal. In 1888 nearly 2,000 miners were employed, the product being 1,455,240 tons. Gypsum, salt, soda, sulphur, copper, lead, tin and other minerals are found. Petroleum seems abundant in central and northern Wyoming. It is produced to some extent. In manufactures, the sawing of lumber and railroad ties, milling of quartz, and railroad repair and machine shops in the towns on the line of the Union Pacific Railroad, occupying the leading places.

MOST ENTERPRISING NEWSPAPER IN COLORADO.

JUST THINK OF IT!

A Grand Total Circulation for 1893 of 6,133,358.

THE DENVER TIMES

Instead of curtailing expenses during the depression, got out a better paper than ever; that explains why it closed the year with a net gain of 1,121 paid-up subscribers.

TO ADVERTISERS.

WHY IT LEADS.

1. The TIMES is delivered at more residences than any other Denver newspaper, and its subscribers are all cash subscribers, who have money with which to buy goods.

2. It is the only Denver paper that regularly furnishes advertisers with detailed statements of circulation, and is therefore the only paper in whose circulation advertisers have confidence.

H. W. HAWLEY, Publisher, DENVER, Arapahoe Co., Colorado.

COLORADO.

Population 412,198. Colorado has a land area of 103,645 square miles. The surface consists of mountains and parks, foothills and plains. It is intersected by the Sierra Madre range of the Rocky Mountains, among which are several of the highest peaks, including Pike's, Long's and many others. The mountains inclose wonderful valleys or basins, known as parks, which are well timbered. The eastern part of the State is an immense plain, well adapted to stock-raising. Agriculture is limited, as irrigation is necessary to a good production of all crops. Cattle-raising and sheep-farming are the chief agricultural pursuits. Lumbering is an important industry, but the mining of gold, silver and other metals is the chief source of wealth. The several counties in which newspapers are published are as follows:

ARAPAHOE.

Population 132,135. Location, northeast. Area, about 5,000 square miles. Soil, fertile in places; gold and silver near the western border. The chief products are wheat, corn, oats, butter, hay and live-stock. Large amount of manufacturing carried on at Denver, the county seat and capital of the State.

The Boulder News,

BOULDER, COLORADO.

The NEWS was founded in 1869, is the pioneer paper of Northern Colorado, and with one or two exceptions the oldest in the State. It has long been the official organ of Boulder County and the city of Boulder. Boulder is a city of 5,000 inhabitants, the seat of the State University, and the Athens of Colorado. The county is rich in agricultural resources and minerals of all kinds, and is unsurpassed for sublimity of scenery and healthfulness. The NEWS is an eight-column folio, published weekly, at $2.00 a year. C. RICKETTS, EDITOR AND PROPRIETOR.

THE PUYALLUP COMMERCE

— 18 —

. $3,000 .

Or, with Office Building and Business Lot,

. $4,500 .

FOR SALE.

The COMMERCE has always been a paying paper.

The COMMERCE power presses, a Campbell and a Gordon, are as good as new, and are run by a $325 water motor, the simplest power on earth. The water rent is only $2 a month.

The COMMERCE has plenty of book and job type, and in fact is one of the best-equipped offices in the Northwest. Its building was specially erected for it, is well lighted, and located in the exact business center of the city.

Will sell the paper either with or without the building or lot, or will trade for a California Fruit Farm or Home Place, or good Newspaper Property.

There are no incumbrances to contend with—the COMMERCE owes nobody a cent.

I also offer for sale my home place in Puyallup—one and one-half acres. Yields $400 worth of fruit every year, and never fails. House is hard finished, eight rooms, hot and cold water, bath-room, carriage-house, stable, chicken-house, and all improvements good as new.

Will sell the whole outfit, including furniture, steel range, horse, buggy and harness, first-class organ, flock of chickens and grade Jersey cow, all for $4,000, which is very cheap.

Place is well located on corner, and only three blocks from Northern Pacific depot. First-class plank sidewalks in all directions. Porch has the finest honeysuckle and climbing rose in the State and the garden contains over one hundred of the very choicest roses and perennial plants, besides currants, gooseberries, raspberries, strawberries, blackberries, grapes, etc.

Will swap for California Fruit Farm or Home Place. No incumbrance.

Address or apply to the owner.

TEXAS.

Population 2,235,543. The area of Texas is 252,514 square miles—the largest of any State in the Union. The chief crops are cotton, corn and wheat. Sugar-cane is raised chiefly on the rivers, near their mouths, and rice in the southeast. Oats, barley, tobacco, and sweet and white potatoes are grown to a moderate extent. Swine thrive on the abundant mast of the forests. The chief industries in the west are stock-raising and wool-growing. Figs and oranges thrive in the south. Manufacturing interests are increasing. There are immense deposits of copper along the line of the Texas Pacific Railroad. Coal, timber, limestone, soapstone and iron are found in the same region. There is a field of bituminous coal, about 6,000 square miles in extent, and a field of anthricite in Brown, Coleman, Comanche, and Hamilton counties. Salt is produced in large quantities from springs in El Paso, Lampasas, and Llano counties; asphaltum is abundant. Large quantities of saltpeter are found in Blanco and Burnet counties; marble and roofing slate, grindstone, pot and fire-clays, marl and other fertilizers, are also found in great quantities. The counties, with list of papers in each, are as follows:

Hays Co. Times and Farmer's Journal

Published at SAN MARCOS, Texas, is

"IN * THE * SWIM."

Facts worth thinking about:

The TIMES is devoted to home interests—is a faithful chronicler of town and country events—is *The Paper for the Country People.* The TIMES is one of the largest country papers published in the State, and has often been complimented by the Press upon its contents, appearance and enterprise.

Fort Worth Gazette:

The TIMES is published by G. A. McNaughton, a live newspaper man, and is a good exponent of its town.

Wortham Democrat:

The TIMES is one of the best edited journals in the State.

Blanco News:

The TIMES, with its new press and dress, is a splendid paper and deserves a liberal patronage.

Caddo Banner:

The TIMES is one of the leading weeklies of Texas.

Houston Post:

Editor McNaughton is a rustler * * * and the TIMES is a first-class weekly paper.

Llano Iron City News:

The HAYS COUNTY TIMES is always a good paper.

We could add a hundred others, but the foregoing show that the TIMES is well thought of by the newspaper fraternity.

"'Twas ever thus from childhood's hour
I've seen my fondest hopes dispel;
There always comes a soaking shower
When I aint got no umberell."

I hope, old man, you realize
That it will still continue so;
Until you learn to advertise
The trade will never to you go.

The Two Rivers.

Published every Saturday by

J. N. HUTCHINSON, - - - - Editor,

Clairemont, Texas.

"Life's river, onward flowing,
Rapidly, from day to day;
Down the tide we go, not knowing
What awaits us on the way."

Crafts of business and of pleasure
Pass along the river's brink;
Those that gather in the treasure
Make good use of printer's ink.

THE NEW MARKET HERALD.

NEW MARKET, TAYLOR CO., IOWA. *J. H. SMITH, Editor and Proprietor.*

A seven column, newsy, independent weekly, published every Thursday in the year. Circulates among thrifty and enterprising farmers in the very best county in Iowa. The best local advertising medium in the state. Write for rates.

THE VILLISCA LETTER, **VILLISCA, IOWA, E. O. Gardner,** Proprietor, charges foreign and home advertisers the same rates, because each costs and each is worth the same. It thus keeps out of its columns an undesirable class of "Cheap John" advertisements. The LETTER is a live and growing local news paper, circulating in four of the best counties in Iowa. If you want what you pay for, and are willing to pay for what you get, write for advertising rates. Sample Copies free.

Advertising Rates are Reasonable.

The Home Delight

GIVE IT A TRIAL

TWO IMPORTANT THINGS.

There are two important things for a prospective newspaper advertiser to consider: First—The **Circulation.** By this we mean the number of copies printed, and what is just as important, *the class of people they reach.*

The Second, and most important, is to KNOW that the claims of the Publishers are well founded and perfectly true. That THE HOME DELIGHT has made a reputation for truthfulness and reliability is evidenced by the following communication from Messrs. Geo. P. Rowell & Co., of New York City, publishers of the **American Newspaper Directory:**

"**THE HOME DELIGHT** is the only paper in Council Bluffs, Iowa, to which a guaranteed circulation rating will be accorded in the new edition of the American Newspaper Directory for 1894, which will appear May 1st. The correctness of the rating is guaranteed by a $100 forfeit, offered by the publishers of the Directory to any person who will show that the circulation of the paper is not correctly stated."

This is quite a distinction considering the fact that there are 2 Dailies, 9 Weeklies, 1 Bi-Weekly and 3 Monthly papers besides THE HOME DELIGHT published in Council Bluffs.

THE HOME DELIGHT is a Religious and Juvenile paper published monthly. It reaches the best class of people. Sample copy and rate card on application.

KANSAS.

Kansas was organized as a territory in 1820. A prolonged struggle was had over the slavery question and it was not admitted as a State until 1861. The richness of its soil has made it one of the great agricultural States of the Nation. The Pacific Railroad system assisted immigration into all parts of the State and aided greatly in its development. It has a rolling surface well adapted to tillage or grazing. Timber is scanty and of voluntary growth. Coal is mined in the western half of the State. All the cereals are produced in abundance, also fruits and sugar from sorghum. The State has within its limits about 10,000 miles of railway. Manufactures are increasing yearly. The State has an area of 82,080 square miles. Its extreme breadth is 400 miles and its length 200 miles. Population 1,427,096.

WE SOLICIT YOUR ADVERTISING

You cannot get rich on a single insertion of your advertisement in **The Kansas Magazine,** or any other publication; but continuous and attractive advertising will always pay. Test this rule yourself in our magazine, and you will be satisfied. We are the only magazine in Kansas, and entered our fourth volume June 15, 1893. We publish weekly, and have a large and general circulation, and, rates considered, you will find our terms are lower that those of similar publications.
You will find us a profitable medium for advertising.

PITTSBURG KANSAN

VOL. 5. PITTSBURG, KANSAS, THURSDAY, JANUARY 18, 1894. No. 2

INITIATIVE

What is it?

POLITICAL

The Great Reform Paper.

BEST ADVERTISING MEDIUM.

J. C. BUCHANAN, - - - - -EDITO

Are you aware that the KANSAN is one of the best mediums in the State? It reaches a large territory and circulates among a class of people that have money to buy. Rates are equitable, and will be sent, together with a sample copy, on application. Correspondence solicited.

In the country newspaper you have a reliable and effective friend that does its mission at more family firesides than do many of the metropolitan dailies.

Our climate is finer than that of anv other section of United States. It is a country where pulmonary and kindred diseases are well nigh unknown.

The KANSAN circulation has a paid-up circulation. Every subscription is stopped immediately on its expiration if not renewed at once.

If you want to reach farmers' families in adjacent sections you can do it through the columns of the KANSAN.

If you have anything to sell that commands trade outside of your own city, use the country newspaper.

It is a known fact that a high-class weekly is read carefully. A daily is glanced at and tossed aside.

C. E. FOOTE. H. KUHN.

The Marion Times,

BY FOOTE & KUHN.

MARION, MARION COUNTY, KANSAS.

The TIMES is a six-column quarto; is in its seventh year; is Populist in politics, and has the largest circulation of any paper in this section of the State. Is located in one of the best agricultural and stock-growing counties in the State; hence is one of the best advertising mediums in Central Kansas. Sample copies and advertising rates furnished upon application.

The Farmer's Wife,

TOPEKA, KANSAS.

13 Years Under One Management.

Changed from the name of FARM RECORD in 1890 to that of the FARMER'S WIFE. Has had a rapidly increased circulation; nothing like it since the wonderful growth of the "Ladies' Home Journal" a few years ago. All advertising must be of a first-class nature. Address,

I. W. Pack, Topeka, Kansas.

. . . ESTABLISHED 1886 . . . AVERAGE CIRCULATION 1993, 11,066.

Western Odd Fellow,

TOPEKA, KANSAS.

A. L. Voorhis, P. G. M., Editor and Proprietor.

Official organ of the I. O. O. F. in all its branches in Kansas and Indian Territory, and devoted to the interests of the Order in Kansas, Nebraska, Indian Territory, Oklahoma, Texas, and the West generally. Circulates among a prosperous class. Good advertising medium. Rates reasonable.

Published Semi-Monthly, 1st & 15th. Subscription Price, $1.00 per Year.

Papers mailed direct to subscribers, and not sent out in bundles for general distribution.

IT IS AN ADVERTISER'S RIGHT To know what he is getting when he pays for space in a newspaper. The Topeka **Mail's** subscription books are open to inspection by any advertiser. We reach the people of Eastern Kansas more thoroughly than any other medium, and we are ready to prove it. We guarantee the number of farmers in Shawnee County who take the **Mail** regularly is three times larger than any other newspaper. Here are some pointers on circulation that ought to interest you

HOYT, Kan., Oct. 11, 1893.—The Topeka **Mail** has a much larger circulation through the Hoyt postoffice than any other newspaper, daily or weekly.
T. J. MANLEY, Postmaster.

SILVER LAKE, Kan., Oct. 18, 1893.—I have a much larger distribution of the Topeka **Mail** than of any weekly or daily paper that comes to my office.
L. A. JOHNSON, Postmaster.

A dozen postmasters in Shawnee, Jackson and Jefferson counties will say the same thing.

The . Resources . of . California

A BEAUTIFULLY ILLUSTRATED PAPER.

ISSUED MONTHLY

Devoted to the Settlement and Development of the Pacific States and Territories.

Since 1870 this paper has been published, every issue having been filled with truthful and correct information relative to the eligible location of California—her immense size; her singular topography; her remarkably beautiful and unsurpassed mountain, valley and ocean scenery; her unrivaled, salubrious and healthful climate; her untold mineral wealth; her wonderful agricultural resources and productions; her amazing fruit interests and capacities; her gigantic public and private improvements and enterprises; her great system of railroads; her stock-raising, lumbering, commercial, manufacturing, educational and religious growth; her moral and social status, and her rapid progress and marvelous development in all that makes a State great and her people prosperous and happy. Especially is it designed to show its immense advantages in agricultural and horticultural pursuits pointing out in detail the capability in this climate and soil, of easily securing comfort and in many instances wealth in almost all the various pursuits of life. A careful and critical examination is often made and published of every section of the State, noting its development and progress—the opening up of new sections, inaugurating new enterprises and unfolding new resources, so that persons, thousands of miles distant wishing for homes among us, can select their location and choose their vocation with accuracy—rarely making a mistake. The material, tone and character of THE RESOURCES are first-class—none superior—and its circulation has steadily increased until it is patronized and read by most of the enterprising business and professional men in California. It goes to every State and Territory in the Union; to the British Provinces; to Australia; to the Islands, and to the English-speaking people of Europe and the world.

Subscription price $2.00 per year to any part of the world.

F. W. CONLY, Editor; founder Custer County Democrat, Callaway Headlight, Callaway Weekly Tribune. CIRCULATION OVER 600.

ONLY DEMOCRATIC PAPER IN COUNTY.

Callaway Weekly Tribune.

(SUCCESSOR TO HEADLIGHT.)

This paper has a larger circulation in Custer and Dawson Counties among the farmers than any other paper in Custer County.

This Card

Is not large. The CEDAR RAPIDS (Neb.) COMMERCIAL isn't as large as a Sunday edition of a large city paper either, but in proportion to size of town it is as great. Advertisers must be in it if they would reach the people of Boone County, Nebraska. No dead-heads carried now and none need apply.

A VALUABLE ADVERTISING MEDIUM.

THE ADVERTISING PUBLIC

Will find no better field for judicious announcements than through the columns of the always newsy BURTONIAN. It contains more local and general news han any other paper published in this neck of the prairie, this fact being conceded by all. Republicans like it because it gives them the news and is with them from a political standpoint. Democrats also read it to get the news, and thereby keep posted. Mugwumps growl, bite and kick because they can't do better, and as they must have it, and we will not give it to them under any circumstances, they subscribe and pay for it in advance. Therefore, to receive the largest returns, advertise in the BURTONIAN. He who at his trade would rise, must either bust or advertise.

SOUTH DAKOTA.

South Dakota became a State in 1889. It has a land area of upwards of 78,000 square miles. Its extreme breadth is 380 miles and length 245 miles. The State has a diversified surface, there being portions well adapted to wheat and corn growing, others for grazing, and still others for timber. It is also rich in mineral wealth, principally gold, silver, copper, iron, etc. Its population is increasing rapidily, and at the last census reached 328,808.

. Semi-Weekly .

Azusa Valley News,

. AZUSA, CALIFORNIA .

The Azusa Valley is one of the finest valleys in the State, as regards climate and productiveness. It has an elevation of from 300 to 700 feet, and is about ten miles long and five miles wide. Azusa is headquarters of the mining district of the San Gabriel cañon, which is also a delightful health resort and sportsman's haven. The most of this valley is entirely free from frost, and protected from the cold northern winds by the Sierra Madre foothills on one side, and on the east by the San José hills. We are at a good distance from the ocean, yet in sight of it, and get the benefit of the cool and invigorating breezes. At the present time there are some good real estate bargains.

Write the SEMI-WEEKLY AZUSA VALLEY NEWS for further information, and special advertising rates to get before a thrifty and industrious people. Glendora, Covina and Vineland are the sister towns in an orange frostless belt.

Midwinter Fair visitors respectfully invited to call this way and investigate.

BRITISH COLUMBIA.

This province is vast in its dominion, and is but sparsely settled, its area being nearly 400,000 square miles, and its population about 59,000, of which two-thirds are Indians. Victoria is the provincial Government seat. The chief industries of British Columbia are gold and silver mining and salmon canning. Its chief products are furs, lumber and oil. Much of the territory is mountainous, but some of the islands and the southwest portion of the mainland have considerable arable lands. At and near Nanaimo are situated some of the largest coal-mines on the Pacific Coast. The Canadian Pacific Railway, terminating at Vancouver, is doing much toward advancing the interests of this province.

HAWAIIAN ISLANDS.

The group of islands that constitutes the Hawaiian Kingdom are, and always will be, most closely connected with California. They are but a couple of thousand miles distant from San Francisco, whence they obtain almost the whole of their supplies, both the luxuries and necessaries of life. California, in return, takes the whole of her produce, the chief of which is sugar. The principal domestic exports from Honolulu are sugar, molasses, paddy, rice, coffee, fungus, bananas, hides and wool. Of these sugar, molasses, paddy, rice and bananas are the chief. There are nearly a hundred sugar plantations distributed throughout the group, and there is still much uncultivated land capable of producing sugar, which, however, would be rather expensive to clear. Free schools are established throughout the group, where the children of the natives, Chinese, Portuguese, English or Americans can receive a common-school English education. In the more important centers there are schools, both public and private, where the higher branches are taught, and a thorough commercial and classical grounding can be obtained. Churches are numerous and well attended, as are most church gatherings and social entertainments. Population, about 90,000.

LIST OF PAPERS

ARRANGED ALPHABETICALLY

BY TOWNS.

EXPLANATION.

Since the preceding pages of this book were put in print the following tables, arranged alphabetically, by towns or cities, have been revised and corrected, as far as possible, to date. Any discrepancies between the figures in the body of the work and the tables, and the names of any papers found in the tables which are not found in the body of the book, and *vice versa*, are owing to these corrections. It must be borne in mind that papers are constantly suspending and new ones being established.

All these newspapers will be found on file at our New York office, Rhinelander Building, corner Rose and Duane streets, where we are prepared to take advertisements for any or all of them on favorable terms.

In the following tables morning and evening papers are designated as follows: *Morning. †Evening. *†Both Morning and Evening.

Sprague is the county seat of Lincoln county. Lincoln county is in the center of the famous "Big Bend" wheat-raising section of Eastern Washington. Sprague is the supply point for the Big Bend. The farmers of the Big Bend read their home papers, and patronize the advertisers whose ads appear therein. The INDEPENDENT is the best advertising medium in the county. It is supposed to be a four-page paper, but in the last twelve issues of 1893 there were 96 pages of the INDEPENDENT published, making it an average eight-page sheet. Send for sample copies.

The Sprague Independent.

The Best Paper in Sprague. | **The Best Paper in the County.**

☆ ☆ ☆ ☆ ☆

There are four papers published in Sprague. The INDEPENDENT is the youngest, and has the largest bona-fide subscription list of them all. Send for sample copies of all the Sprague papers. If you do not admit that the INDEPENDENT is the *best* one of them all, I will run your advertisement free of charge for a year. Paper will be enlarged to a six-column quarto on March 1, 1894. No lost-manhood or objectionable advertisements taken at any price. Don't care for ANY Patent Medicine advertisements. Want advertisements from people who have legitimate articles that my readers will buy. Send for sample copies and rate card.
